Advance-Nilfisk Parts - Think about how tiresome it would be to clean up your own home after having a big party, without help from cleaning equipment. In the past, when upholstery and carpets had the dirt beat out of them manually; cleaning cloths, brushes and brooms were the best cleaning supplies back then.

P.A. Fisker, the man who established Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Starting the company in 1906, he started to produce motors to be able to drive fans, machine tools, coffee grinders and drills. Mr. Fisker's dream from the beginning was to own an international company marketing goods globally.

The Nilfisk C1 was a remarkable breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and could be operated by a single individual. This creation came in a time where numerous cleaning equipment were very big and needed at least 4 operators, therefore, the Nilfisk C1 transformed everything and developed the manner we clean forever. The mastermind behind these very first cleaning equipment remains unparalleled. Cleaning equipment provide an excellent solution to an ongoing problem; things get filthy and need to be cleaned regularly, without a lot of effort.

Gradually, the company Nilfisk-Advance developed all through the years. In the early nineteen eighties the business developed fast when the company became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance forward within the business, aiming to be an active worldwide player in manufacturing professional cleaning machines. Nilfisk-Advance is presently represented in all parts of the world by gradually acquiring a lot of small companies in order to develop their product range and presence in new markets. They are really proud to provide different cleaning solutions to meet each and every need.
