

TCM Forklift Part

TCM Forklift Part - In the global business of material handling, forklifts play an important part for transporting industrial goods. Initially innovated as industrial vehicles in the 1930s in America, lift trucks gained popularity following World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these equipment spread internationally.

Originally started as Toyo Carrier Manufacturing Company Limited, in the year 1949, the business was later renamed Toyo Umpanki Co. before becoming known as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's very first lift truck. Through the years, TCM forklifts have become a worldwide leader in lift truck manufacturing and have built a solid reputation in the industry. TCM began building lift truck manufacturing locations outside of Japan in the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly makes many models of industrial lift trucks with over 50 years of accumulated expertise and technology, making their products recognized and used all over the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aims to become a world-class leading business.
