

Rockwell Part

Rockwell Parts - AxleTech International is a premier provider in the world of specialty vehicle drive-train systems and parts along with off highway vehicles. The company prides itself on being its customers' chosen supplier. AxleTech strives to meet and exceed their clients' expectations for technology, delivery, quality and service. They believe in working in an atmosphere which supports the highest integrity with empowered teamwork, along with a persistent pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively using principals of environmental safety and stewardship in how they do business. The business has put different programs in place to be able to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with whichever questions or comments, since they are glad to share and promote this policy with a greater understanding of their efforts. They are very committed to preserving and improving the natural world. AxleTech has an EHS program which not only protects the environment but which also actively protects their neighbors and staff as well.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in designing and manufacturing planetary axles utilized for both military and commercial applications. These applications vary from airport ground support to construction equipment. AxleTech specially designs axles so as to meet particular application demands. They have more than one thousand various axle specs within their existing offering. With more than one hundred years of history and experience, AxleTech proudly supplies the most complete solution for whichever of your axle requirements. The business is well known in numerous commercial and military applications. They provide complete axle assemblies used for aftermarket replacement needs, together with servicing axle needs for OE production. Their high mobility ISAS have further details which can be seen in the "ISAS" product selection.
